### Get Confessions of Men Charged With Auto Thefts

Assistant County Attorney Tells of Quintette's Operations With Three States As Territory

Abe Berlowitz of Waco has been arrested according to Police Chief Guy McNamara in connection with auto thefts. Berlowitz furnished \$750 bond to Chief McNamara. This is the most recent arrest made in a series in connection with the recent police crusade to clear up auto thief gangs.

Five men under arrest, charged with automobile thefts have made complete confessions, according to the statement made yesterday by Assistant County Attorney J. B. Atkinson.

According to the assistant attorney their confessions show their operations extended over a territory of three states and brazen shrewdness employed by them in their efforts to get rid of various machines eclipsed anything of its kind local authorities have heard of in years.

In one instance a county sheriff made out a bill of sale for them when they were disposing of a stolen car.

Again a county attorney assisted them in making out the necessary papers of title and prepared the bills of sale.

### P. O. RECEIPTS IN GAIN OF 18 PER CENT

JANUARY BUSINESS SHOWS INCREASE OF \$2,488.42 OVER YEAR AGO.

Postal Receipts.  
January, 1917 .....\$16,491.69  
January, 1916 .....13,931.27  
1917 gain .....\$2,488.42

Receipts of Waco's postoffice for the month just closed surpassed those of January, 1916, by \$2,488.42, according to a report made public yesterday by Postmaster C. B. McCollum.

This is a net gain of eighteen per cent. Postmaster McCollum and Assistant Postmaster G. R. Lay summed up the business for January of the present year, yesterday, and found that it amounted to \$16,491.69, as against \$13,931.27 for January of last year.

Should this rate of increase be kept up for the remainder of the year, or even for ten months, the salary of the Waco postmaster would be increased from \$3,500 a year to \$3,600, as when postoffices of this class reach \$200,000 as an annual volume of business the raise in salary of the postmaster follows.

### PEYTON RANDLE TO CLOSE HUACO DEAL IS REPORT MONDAY

According to a report in business circles yesterday, there is practically no doubt that Peyton Randle and associates will close the option for the Huaco club property in West Waco, turning it into a high-class residential district of restricted character. Mr. Randle secured an option on the 52 acres for \$100,000.

Present plans are being carried out, a big improvement and development program will be put under way. This property extends from about Sanger avenue and Twenty-eighth street southwest nearly one-half mile.

### Naman Goes to Austin Committee Meeting on Proposed Road Project

Responding to a telephone call from Senator A. R. McCollum at Austin yesterday afternoon, President R. B. Dupree of the Y. M. B. L. secured W. N. Naman to go to Austin to meet with a committee from the senate on the proposed Palestine to Waco or Dallas railroad.

Mr. Naman left Waco last night.

### N. K. Smith of Waco Loses \$160,000 Cotton Seed House at Granger

N. K. Smith of Waco received word yesterday that his cotton seed house at Granger burned Monday morning with a loss of \$160,000. The house was totally destroyed and \$100,000 worth of cotton seed burned. Insurance covers the loss.

### Two Mexicans Held in Murder Connection

Two Mexicans, Louis Massel and Ricardo Cruse, are held in connection with the murder of Phil Torres, who was picked up Sunday night in a seamy condition at Sixth and Webster streets and who died Sunday night at Providence sanitarium from stab wounds.

A complaint charging murder was filed against Massel yesterday in Justice Giles P. Lester's court. Cruse was arrested yesterday afternoon at 5 o'clock at Laguna, twenty miles out of Waco by Officer Sumner.

### WACO GROWS AS CENTER OF AUTO JOBBING

Goodrich Announces Wholesale Station Is to Be Located Here.

### ASSEMBLY PLANTS TO COME?

Many Tire Concerns Have Picked Waco as Jobbing Point of Large District.

The Goodrich Rubber company today announces the establishment of a wholesale branch at Eighth and Franklin streets in the R. H. Hill building. The branch comes to Waco after representations of W. A. Parr, Texas representative that Waco is a better distribution point than Dallas or San Antonio, both of which are contained in this territory.

The Goodrich move forecasts a rapid development of Waco as a principal jobbing point in Texas for automobiles and accessories.

### New Auto Assembly Plants.

The \$150,000 Maxwell assembly plant is practically assured for Waco as against the attempts of Fort Worth to secure it. It is accepted as practically certain among Southwestern auto sales managers that Overland and Studebaker assembly plants for Texas are to be established in Waco in 1917. These plants should equal or exceed the size of a Maxwell assembly plant, serving equal territory.

Within the past twelve months the Federal Tire and Rubber company has opened wholesale headquarters in Waco. The United States Tire and Rubber company is opening headquarters at Sixth and Franklin streets. The Fisk Rubber company has had Waco headquarters less than six months. The Goodyear is considering the opening of a jobbing branch.

### Why Waco Is Selected.

"The territory 125 miles to the west, 50 miles to the north and 50 miles to the east and south can best be reached from Waco," said Mr. Parr Monday. "I have advocated the establishment of a Goodrich wholesale station here for two years. I am certain the expense of this service to the company will be more than repaid in increased business from and service to Central Texas."

### PROMINENT BRYAN PHYSICIAN SHOT

DR. EMORY SERIOUSLY HURT IN AFFRAY AT SAN ANTONIO.

San Antonio, Feb. 12.—Dr. Emory of Bryan was shot and perhaps fatally wounded at 9 o'clock this morning in the train shed at the International & Great Northern depot. L. D. Webster was arrested and is being held on a temporary charge of assault to murder. "He betrayed my confidence," said Webster after the shooting.

Webster is a clerk in the comptroller's office at Austin.

### Didn't Suspect Emory.

The shooting occurred as Dr. and Mrs. Emory were walking from the train on which they had arrived in San Antonio, through the train shed to the depot. Apparently neither Dr. Emory nor his wife saw the man who did the shooting, as Dr. Emory asked on the way to the hospital.

"Who shot me and why did he do it?" Later Mrs. Emory called at the police station and displayed great surprise when she found that Webster was being held for the shooting.

"He is the last man I would have suspected," she said. "He and Dr. Emory were the best of friends and had been for years."

"He abused my confidence," said Webster in reply. "I'm sorry I had to shoot him and I'm sorry for you."

Webster, with his wife, came to San Antonio Sunday from Austin.

### Decide Birthday of Abe Lincoln Is Not Holiday; Employees Go On Strike

By Associated Press. Bridgeport, Conn., Feb. 12.—Disagreement between union officials and the heads of several large factories here over the question of whether Lincoln's birthday was a legal holiday under the terms of the local union agreement caused a one day strike of nearly 10,000 people here today. The terms of the union agreement, time and one-half is to be paid for work on holidays. The strikers said they would return to work tomorrow. There was no disorder.

A PROTEST.

By John Kendrick Bangs.

(Copyright, 1917, by the McClure Newspaper Syndicate.)

"A nasty day! A nasty day!"

"Twas thus I heard a critic say

Because the skies were bleak and gray—

And yet it somehow seemed to me

The day was all that it should be.

I looked it very closely over.

Its hours still were evenly four.

With sixty minutes each—no less—

For deeds of good and helpfulness;

And every second full of chance

To give the day significance;

And every hour full of growth

For everybody but the sloth—

I couldn't see it quite that way.

For though the skies were bleak and gray

The day itself, it seemed to me,

Was all a day could rightly be.

HEARING ON TENTH APPEAL COURT TODAY

By Associated Press.

Wacoans are headed toward Austin today with a determination to secure the Tenth court of civil appeals for this city. Representatives of the commercial clubs of the city and prominent business men are included in the party which leaves Waco early this morning for the capital city.

It is believed Waco stands a good chance to secure the court. Hears of surrounding counties have passed resolutions favoring Waco. Members of several bars of other cities will join the Waco delegation at Austin to enter the fight.

A meeting with the judiciary committee of the legislature will be held tonight.

### U. S. REFUSES SUB PARLEY WITH KAISER

Flatly Rejects Germany's Offer of a Conference Over Situation.

### NOTE IS SENT TO SWISS

Teutons Must Renew Assurances Made in Sussex Note of May 4.

By Associated Press.

Washington, Feb. 12.—The United States has flatly rejected Germany's offer to discuss differences between the two countries while the ruthless submarine campaign is in progress.

In a note today to the Swiss minister, who on Saturday presented orally the German proposal, Secretary Lansing said the United States does not feel it can enter into any discussion with the German government concerning the policy of submarine warfare against neutrals which it is now pursuing unless the German government renews its assurances of May 4 (the Sussex note) and acts upon the assurances.

The state department made public the secretary's reply together with a memorandum which at Mr. Lansing's suggestion, Dr. Ritter, the Swiss minister had prepared last night, setting down in writing the suggestion originally transmitted orally.

Previously officials had declined to confirm the announcement by the Associated Press Saturday afternoon that such a proposal had been delivered by Dr. Ritter.

### Irish Nationalists Oppose U. S. War With Germany

By Associated Press.

New York, Feb. 12.—Resolutions opposing war with Germany and aiming at the defeat of legislation now before congress which proposes to suppress revolutionary organizations against friendly foreign governments were adopted here today at a conference of delegates from Irish nationalist societies throughout the country. More than \$100,000 was pledged to the cause of complete national independence in Ireland.

### FOOD PROBE ASKED TO LOWER PRICES

WILSON'S APPROVAL ASKED FOR \$400,000 APPROPRIATION.

By Associated Press.

Washington, Feb. 12.—Approval for a \$400,000 appropriation will be asked of President Wilson by the federal trade commission and the department of agriculture for the food price investigation they are about to start at once. The inquiry will be begun as soon as the money is available. At least six months will be required, it was said today, before any sort of a report can be made and a year is the estimate of the period necessary for a complete inquiry into the underlying causes of advancing food costs.

The trade commission's aim will be to cover every side of the food situation. Its observations will include the work of the farmer, the packer, the commission dealer, the wholesaler and the retailer.

Tables prepared within the last few days bearing on food prices for 1916 show that during the year there was a general advance in prices of from 10 to 15 per cent. Some of the staple articles and the amount of their price increases are:

Straw 11 per cent; ham 21 per cent; lamb 25 per cent; flour 11 per cent; eggs 18 per cent; butter 14 per cent; potatoes 100 per cent; sugar 25 per cent; milk 4 per cent.

### Can We Starve England First, Is Kaiser's Problem

Rumanian Wheat Harvest in March Seems too Far Off to Prevent Starvation Thru Land

THE following detailed story of the slow starving of the German civil population states the conditions that existed one month ago. The earliest possible source of new food supplies is the Rumanian wheat harvest which is normally due the last of March. How acute are the sufferings of the civilians in the Central Powers can be imagined. The German food dictator in Berlin is facing the task of preventing hundreds of thousands from dying. This story explains more graphically why the Kaiser decided to stake his all on the starving of England through ruthless submarine warfare and the very formal state documents issued through his foreign office. The story indicates the German viewpoint is: "Which shall starve first? The stomachs of our people at the end of March will determine the victor."

—THE EDITOR.

By Associated Press.

Stockholm, Jan. 20.—Food conditions in Germany have changed greatly for the worse in the last five months. The correspondent of The Associated Press who has been away from Germany since the first week in August, has just returned from a stay of three weeks in Berlin. He found that many staples of food had altogether disappeared from the markets, others had grown so dear that they are beyond the reach of any but the well-to-do. The daily allowance of potatoes had been reduced to ten ounces and that either a shortage of flour or a disordered distribution of it among the bakers had resulted in long queues of buyers standing for hours in front of the bakeries.

Maximum prices of the foodstuffs controlled by the government are still very low for potatoes and bread, and comparatively low for meats. Potatoes cost only 12 cents, the standard bushel of 60 pounds, and bread a little less than 3-1/2 cents a pound. But the allowance is insufficient for persons who have little but bread and potatoes to eat and has to be eked out with turnips.

No Eggs in Five Weeks.

It had been hoped to allow one egg a person each two weeks in greater Berlin, but the last one-egg allowance was made some five weeks ago and another is not promised until February 1. When the correspondent left Berlin in August it was still possible to buy cheese. Since the end of August there has been no cheese on the market. It is said that considerable quantities are being imported from Holland, but it goes apparently to the front except for small quantities allowed the restaurants and hotels.

The weekly allowance of meat of all kinds in the great Berlin municipalities runs from 5-1/4 to 8-3/4 ounces. The cheapest varieties cost about 60 cents a pound; the dearest 72 cents.

Fat and Oils Scarce.

One of the most serious deprivations continues to be the lack of fats and oils. The weekly allowance of butter and margarine together is a little less than three ounces a person. The Associated Press correspondent paid \$3.12 for about two-thirds of a pint of hazel nut oil to be used for frying. Goose fat costs \$4.80 a can of 17 3/4 ounces, and is the only fat except vegetable oils that can be bought without a card.

The Supper Meal.

Supper is the problem in the average household. Generally there are no potatoes left over from noon and if there are, there is no fat in which to fry them. The usual German supper before the war consisted of cold meats, sausage, cheese, bread and butter, and beer. There is no meat, no cheese and no sausage; no butter on four or five days of the week; no more bottled beer, and many saloonkeepers refuse to sell beer to be consumed off the premises, the beer moreover, is all but undrinkable. There remain then only bread and fish, fresh smoked, dried or canned. And here the problem of cost is added to that of monotony. The writer paid in Berlin \$1.20 a pound for ordinary lake trout and 84 cents a pound for small fresh water bass. Dried salted fish costs 36 cents a pound and smoked eel \$1.92 to \$2.40. Once in every four or five weeks the city authorities place on the market small tins of sardines, one of which may be bought on presentation of the municipal Lebensmittelkarte or provision card. Each family, no matter of how many members, has only one of these cards.

De Facto Troops Engaged.

El Paso, Feb. 12.—While Gen. Francisco Murguia is engaging the main body of Villa's followers in the neighborhood of Santa Rosalia, 100 miles south of Chihuahua City, his brother, Gen. Jose Murguia is rapidly gathering a body of 1500 men at Juarez with a view of going after the rebels in the territory recently vacated by the American expedition.

Carranza Force Increased.

Douglas, Ariz., Feb. 12.—Carranza forces in Agua Prieta today were increased by the arrival of 700 soldiers and approximately 1500 more. Gen. Arnulfo Gomez are reported en route.

Chinese Refugees Frightened.

Columbus, N. M., Feb. 12.—Five Chinese refugees who are being held here by the immigration officials since their arrival with General Pershing's troops from Mexico, have protested against the contemplated plan of deporting them to Juarez. Their leaders claim Villa is expected to attack Juarez and that all Chinese would be executed, as was said to have been done at Santa Rosalia and Chihuahua City.

Arrest Mex Cowboys.

Douglas, Ariz., Feb. 12.—Six cowboys believed to be Mexicans are being held here and five hundred head of cattle were being driven toward the border south of Hachita, N. M., are in possession of a message received in Agua Prieta from Maj. Patrio Garcia, commander of the Mexican border patrol.

### VON BERNSTORFFS BID U. S. ADIEU

By Associated Press.

Washington, Feb. 12.—Count and Countess von Bernstorff said farewell today to a host of personal friends, made during their eight years in Washington. All day there was a stream of callers at the embassy and late this afternoon a number of intimate friends were entertained at a tea. The former ambassador, his wife and the embassy staff will sail for home Wednesday on the Danish line Frederick VIII.

## BRITISH STEAMSHIP WAR SUPPLIES OFF FOR LIVERPOOL

ENGLISH ATTACKS ON NORTH BANK OF SOMME FAIL; FIGHTING CONTINUES.

By Associated Press.

New York, Feb. 12.—With approximately 18,000 tons of cargo, mostly war supplies, and 5,000 bags of United States mail transferred from the American liner St. Louis—but with no passengers—the British steamship Cedric of the White Star line left here today for Liverpool. The mail on the Cedric has been held here since Feb. 1, the date on which the St. Louis was to have departed.

English Attacks Fail.

Berlin, Feb. 12.—(By Wireless to Sayville).—The supplemental war office communication issued this evening says: "On the north bank of the Somme after the failure of English attacks the fighting continued with considerable force."

"A German submarine on February 10 in the Hooftens shot down and destroyed a French naval fighting submarine. Both inmates of the machine were made prisoners."

Scores One-Sided News.

Paris, Feb. 12.—The Temps' Madrid correspondent sends the following statement made to Madrid journalists by the Spanish minister of the interior: "I recommend formally that the press abstain from every sort of campaign against any belligerent. I want all one-sided news submitted to me so as to prevent the publication of news not confirmed by official information. This measure is dictated by the interest of the nation which will have recourse to the previous censorship. The propagators of false news will be severely punished."

The correspondent adds that at Saragossa an editor has been heavily fined for publishing an article attacking France. Under the ruling of the minister of the interior the secret use of wireless will entail punishment.

To Arm Seagoing Tugs.

Galveston, Feb. 12.—Plans for arming all the seagoing tugs at Galveston, Port Arthur, New Orleans, Mobile and other ports along the Gulf of Mexico as soon as any definite steps have been taken toward war have been made by the navy department. This became known here today. The tugs will be equipped with 3-pound and 6-pound rapid fire guns and will be operated under the direction of the navy department as a coast patrol against submarines or other small hostile craft.

## Train Searchlights Into Twin City Ruins

By Associated Press.

Minneapolis, Minn., Feb. 12.—With searchlights trained on the ruins of the Kenwood hotel, firemen continued to drill into the huge mass of ice and debris tonight in the hope of recovering a dozen or more bodies believed to have been buried beneath crumbling walls and floors when fire completely wrecked the four-story structure early today, causing two known deaths and seriously injuring nearly a score of persons.

## CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

WHEN CROSS, FEVERISH AND SICK GIVE "CALIFORNIA SYRUP OF FIGS."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

## APPEAL TO CUBANS TO QUELL DISCORD

SECRETARY LANSING SENDS URGENT NOTE ON EVE OF ELECTION.

By Associated Press.

Washington, Feb. 12.—An appeal to the Cubans to quell their country into another revolution has been sent to Havana by Secretary Lansing. Aroused to the realization that the contested presidential election in Cuba already had reached the incipient stage of rebellion, the state department decided to issue to the people an urgent injunction to await the outcome of the voting and to abide by the decisions of their courts.

It had been reported that the opposition party had appealed to the United States to supervise the special election that has been called for February 14, but at the state department it was denied that such requests had been received. It was intimated that the United States could not countenance the re-occurrence of the civil war.

## Infantry Larger Than When First Mobilized

By Associated Press.

San Antonio, Feb. 12.—With a record of having operated since early last summer under conditions closely resembling those of Pershing's regulars, the Fourth Texas infantry, numerically stronger than when mobilized, reached Fort Sam Houston tonight. It patrolled a large and dangerous territory and operated 100 miles from a railroad base.

## AMERICAN RELIEF WORK IN BELGIUM AND FRANCE ENDS

TO CONTINUE RAISING FUNDS FOR OTHER NEUTRALS TO CARRY OUT PLANS.

By Associated Press.

London, Feb. 12.—The American Commission for Relief in Belgium has officially notified the German authorities that the Americans will withdraw from participation in the relief work in Belgium and Northern France.

This step was taken in reply to an order from the German authorities that Americans must withdraw from the provinces of Belgium and Northern France, leaving only a few of their representatives headed by Brand Whitlock, American minister to Belgium in Brussels. The action of the commission is explained in the following statement which was given to the Associated Press today by directors of the commission in London:

"We were advised February 12 by Director Warren C. Gregory from Brussels that Baron von Der Lancken (civil governor of Brussels), had notified him that German citizens could no longer occupy positions in connection with the commission in the occupied territory of France and Belgium, but that a few Americans, among them Brand Whitlock, might reside in Brussels and exercise general supervision over the work. Mr. Whitlock, however, was to have no diplomatic standing. Further, automobiles and other means of communication would be denied Americans."

Americans to Withdraw. "After earnest consideration with Ambassador Page the directors of the commission in London acting in accord with Herbert C. Hoover, chairman of the commission, instructed Mr. Gregory to inform the German authorities that in view of their order that the Americans could no longer exercise their functions in the occupied territories and that as under these conditions the American members of the commission could no longer carry out their responsibilities and undertake to fulfill their duties toward the people of Belgium and Northern France, the Americans would officially withdraw from participation in the work of relief in the occupied districts."

"Mr. Gregory was advised to arrange for all his men to leave Belgium immediately except a few who are to close the commission's affairs and take steps to see that there be no interruption in the service pending the reorganization of the work."

Will Continue Work.

Boston, Feb. 12.—The American commission for relief in Belgium will continue its activities toward obtaining funds and supplies and will support and co-operate with another neutral relief organization as soon as one is formed to administer the work. Herbert C. Hoover, chairman of the commission, stated here tonight.

## Credit Commission Will Revise Nicaragua Public Debt and Disburse Money

By Associated Press.

## Taylor Replies to Maxwell; Charges Eleventh Hour Politics

It is an old political trick for a candidate who has statements which will not bear the light of investigation to wait until the eleventh hour before an election and after it is too late for a full and impartial investigation, present these statements to the public. This is usually the course of the candidate who feels that his position is not secure and who wishes the public to believe the things which he most desires to have it believe. However, the trick has been used so often and has become so familiar to the public that the thinking man has come to recognize its use as the confession of weakness, and the practical admission that its advocate has a poor case and wishes to fool the public.

Some weeks ago, Howell L. Taylor announced his candidacy for the office of city attorney of Waco. Knowing at that time and prior to that time that there was a private attorney employed for the collection of delinquent city taxes, and knowing from his own familiarity with the duties of the office and the statements of capable attorneys who had served the city in that capacity, that one competent lawyer could satisfactorily handle all of the city's legal business and have ample time to spare, he advocated the abolishment of the office of assistant city attorney and the custom of employing a private attorney to collect the city's taxes. From his first announcement he has consistently advocated this reform, and in the newspapers and his other campaign literature he has repeatedly emphasized the existence of this heavy and wholly unnecessary expense, and the urgent need of economy in this direction.

For six weeks these statements were given the light of full publicity, and if they were not true in whole or in part, would it not have been fair to the public whose interest is so vitally concerned to have them controverted early enough for a full investigation? It was not until the eve of election, after it was too late for the public to investigate impartially facts that it is entitled to know, that any effort was made by Mr. Taylor's opponent to join issues on this question. Is this not a confession of weakness, and an admission by Mr. Taylor's opponent that his statements would not bear the light of fair investigation? Let the public be the judge.

A number of Mr. Taylor's friends who call themselves his campaign committee, have investigated for themselves the merits of his platform, and they confirm all of his statements and heartily endorse the merits of the reforms which he advocates. They believe that by giving personal attention to all of the legal business of the city, the city attorney will more thoroughly familiarize himself with the city's work and thereby increase the efficiency of that office.

Respectfully submitted, HOWELL L. TAYLOR CAMPAIGN COMMITTEE. (Political Advertisement.)

## COUNTRESS WRITES A POPULAR PLAY

At the recent celebration of Twelfth day in Stratford-on-Avon, Shakespeare's birthplace, one of the chief features was the production of a one-act play by the Countess of Cromartie. This piece, in which the countess played a leading role, is called "The Tiger of Ashbur." It was originally produced at a big Red Cross bazaar given at Aldershot some months ago and has since been acted frequently. It is popular.

## TAKE IT HOT IN EARLY MORNING

NATURE'S MOST WONDERFUL PRODUCT—LIQUID VITALITAS. WHAT IT MEANS.

As a morning draught, fifteen minutes before breakfast, a teaspoonful of liquid Vitalitas in a glass of hot water has curative effects different from any other medicinal product. There is nothing else in Nature like it. It is pleasant, and you know when you drink it that it will benefit you. Vitalitas should be taken four times daily and usually taken in cold water after meals and at bedtime, but many find it especially agreeable and its effects more pronounced for constipation by substituting hot water and taking it before meals. Either way the results should be wonderfully beneficial for those who suffer with indigestion, rheumatism, constipation, nervous debility and ill of liver and kidneys.

Vitalitas is non-alcoholic and drugless. It is Nature's supreme medicine, rich in chemical salts that are essential to life and health. Multitudes who have failed to get relief from ordinary medicines are being healed by Vitalitas. It is all good. For sale by Powers-Kelly Drug store and all druggists.

## JUDGE KINGSBURY TO THE VOTERS.

I have been city judge, or recorder, three months. I have been faithful to promises made you. I have punished the vicious. Have been merciful to the poor and unfortunate. If re-elected I pledge you my best efforts to maintain order, and enforce your ordinances. My conscience and my heart have been and will hereafter be my guide in the administration of your office. I have made a dignified campaign; have appealed to your reason and not your prejudices. This campaigning is very expensive. Reward a faithful, efficient, fearless public servant by electing me by a majority vote in the primary today.

My countrymen, I greet you this morning; asking for a favorable Valentine message tonight. God who knows my heart, witnesses that I have been faithful to your trust, and will continue to be.

WILL LEAD HUNTERS IN PARADE MARCH 4

MISS MARY LORD ANDREWS, Miss Mary Lord Andrews, of Washington and Virginia, has been appointed chairman of the Colonial hunters' division in the inaugural parade. This section will be composed of society horsemen and horsewomen of Virginia, dressed in Colonial costumes from white wig to boots. The women will use sidesaddles and their costumes will combine the national colors, red, white and blue. Miss Andrews, who is an accomplished horsewoman, though less than twenty years old, received her appointment from Mrs. J. H. Boggs, chairman of the woman's division.

## "I AM GLAD TO TESTIFY"

Says Watoga Lady, "as to What Cardui Has Done for Me, So as to Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell of this town says: "When about 15 years of age, I suffered greatly at . . . time. Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then when I would . . . it would last . . . two weeks, and was so weakening, and my health was awful.

"My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. . . I gained, and was well and strong, and I owe it all to Cardui.

"I am married now and have three children, and when weak or run-down, I take a bottle of Cardui, as it has done me more good than any . . . medicine. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches or any of the other ailments so common to women, why not give Cardui a trial? Such earnest endorsement as that given by Mrs. Gladwell should convince you of the merit of Cardui.

Begin taking Cardui today. It may be the very medicine you need.

The alleged victim of Mased is lying at Providence sanitarium in a precarious condition, and was yesterday unconscious most of the time. The man's name is Phil Torres, a Mexican. Torres was cut in the leg Sunday morning and taken to Providence sanitarium by Patrol Driver Roy German and Henry Summers. Torres was found at Sixth and Webster streets bleeding from wounds in his right leg.

### Urge Fuch's for Job of Waco Fire Chief

Political gossip had it yesterday that First Assistant Fire Chief John J. Fuchs may be asked to allow the use of his name for the position of chief, the election to be held March 2, as Chief Ed Baurle has announced that he will not be a candidate for the place. J. R. Meers also has been asked to enter the race, it is stated. Mr. Meers is engineer at the Central Fire station. For first assistant chief the names of Wiley Flowers and Frank Oldham have been mentioned.

### WHY EVERYBODY SHOULD TAKE McCROSKEY'S TONIC FOR RHEUMATISM.

It is a kidney and blood medicine, and will counteract the uric acid and remove it from the system and purify the blood, and that is the only sure cure for rheumatism. Lumbago will give momentary relief, but will not cure. If you are suffering from pain in this case, and I do not care if you have had rheumatism for years, and tried every treatment known and tried Hot Springs, Ark., for several months and it has failed, will guarantee that one dozen bottles will cure every case, unless it is where the joints are drawn out of shape; and there have been lots of cases cured with from two to six bottles. So call on your druggist and if he will not get it for you, send direct to me and I will ship any amount you want. One large bottle, \$1.00; twelve bottles, \$10.00. For sale by druggists everywhere.

Read this in regard to indigestion and stomach troubles:

There is a natural acid in your stomach, which is called hydrochloric acid, and when that is gone you always suffer with your stomach. Your food will not digest, and your liver will not act. By taking McCroskey's Tonic after each meal it makes your food digest and builds up your system and causes your stomach to retain the hydrochloric acid. Call on your druggist, and if he has not got it, and will not order it for you, send to me for it. Price \$1.00 per bottle.

McCroskey's Tonic is made in Waco. Sold everywhere. Ask your druggist. —Adv.

### Don't Let Soap Spoil Your Hair

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulified coconut oil, for this is pure and entirely greaseless. It's very cheap and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in; about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

## NAVAL BILL VOTE TAKES PLACE TODAY IN NATIONAL HOUSE

APPROPRIATES \$365,000,000 TO CONTINUE BUILDING PROGRAM IN UNITED STATES.

By Associated Press.  
Washington, Feb. 12.—Consideration of the annual naval bill appropriating about \$365,000,000 to continue the building program and carrying various emergency provisions requested by the administration to meet the international crisis virtually was completed in the house today and the bill will be brought to a final vote tomorrow.

Under a special rule an administration amendment giving authority to take over private ship building plants in time of stress was adopted and the construction authorization for the coming year as agreed on in committee was approved after various amendments to enlarge and curtail additional appropriations. The section it had been voted down. The section authorizes one battle cruiser, three battleships, eighteen submarines and twenty vessels of other types.

Only two amendments remained to be disposed of when the house adjourned and they will be voted on at the start of tomorrow's session. They are the proposals for a \$12,000,000 appropriation to fit navy yards for construction and for an appropriation of one million dollars to purchase basic patents of aircraft. Both were recommended by Secretary Daniels and are expected to pass.

## PAUSE IN FIGHTING CHANCE FOR REPAIRS

BATTLES CHECKED BY EXTREME COLD AND VIOLENT SNOW STORMS.

By Associated Press.  
Berlin, Feb. 12.—The pause in the fighting caused by extreme cold and violent snowstorms along the Rumanian front has given the troops of the central powers an opportunity to repair the bad roads in Rumania and to reconstruct bridges and railroads, says the Overseas News Agency.

The railroad traffic there is again in full swing on almost all lines. Refugees are being transported back to their villages and extensive measures have been taken to start the work in the spring, and factories are being reopened. Steps also are being taken to increase the number of hospitals. At Buzzeu where there were three Rumanian hospitals containing six hundred beds, there now are eleven hospitals with 2469 beds.

Number of Beds Increase.  
When the troops of the central powers entered Poleshank it contained only one hospital and beds and was in an intolerable condition. The number of beds now has been increased to 2500, some of which are in schools and other public buildings.

The municipal bathing establishment at Poleshank which was left in an abandoned condition has been completely restored. Special hospitals for the treatment of eye and ear cases are under construction and laboratories for bacteriological examinations and use of Roentgen rays already are in operation. In this work the Rumanian Red Cross, which was organized after the German pattern, is assisting. Since there is plenty of food, the invalids and wounded are receiving ample nourishment.

## SAYS IT IS BEST MEDICINE IN WORLD

Startling Statement Made by Mr. F. A. Gang Sr., Regarding the New Remedy, Plant Juice.

Of late years when a medical discovery is made, and public tests of it are demanded, so that its merits can be established, the persons or firm to whom the invention is credited selects personally so many people as those selected the remedy is tried. Plant Juice has been submitted to a far more severe series of tests in that none of the cases that it has relieved have been selected, and still it has met with signal success in nearly every instance.

In Buffalo it is repeating the success that has attended it in other cities. Every day numerous statements are being received from local people testifying to the way they were relieved by Plant Juice.

Among others is that of Mr. F. A. Gang Sr., who resides at Hamburg, a suburb of Buffalo, N. Y., and is a well known man, being caretaker of the Hamburg Fair Grounds, whose integrity is unquestioned. He stated: "For the past 25 years I have suffered with my stomach. My food would ferment and cause gas with great distress after eating and in fact I could scarcely keep anything solid in my stomach. I had headaches, dizzy spells, was so nervous and restless I could not sleep at night, and had severe cramps in the pit of my stomach which caused me the most excruciating pain. My liver was torpid, bowels irregular, and my kidneys were so badly affected that I could hardly straighten up if I bent over. A friend told me of Plant Juice and the good work it was doing, so I began to take it. I am glad to state that I felt relieved at once, and I can now eat any kind of food without distress, where formerly I could not hardly take a glass of water, my kidneys are all right and I sleep well at night. Plant Juice has practically cured me and I am glad to recommend it."

Plant Juice is sold in Waco at Morrison's Old Corner Drug Store.

NATION AFRAID TO ADOPT WILSON'S POLICY.

By Associated Press.  
Copenhagen, Feb. 12.—Five German army corps concentrated on the Holland frontier furnish a fairly convincing explanation in default of other reasons for the failure of the Dutch government to adopt the policy toward Germany recommended by President Wilson on account of the German submarine campaign.

That German troops were assembling in fairly large numbers in the vicinity of the Holland border had been the subject of gossip in Berlin military circles for several weeks before Dr. Von Bethmann-Hollweg's announcement of the new submarine campaign. Their presence there at a time when Germany was talking of peace instead of a policy that would weigh most heavily upon neutral interests was then usually explained as a precautionary measure or even merely characterized as part of a plan for the distribution of strategic reserves for the spring campaign. Such reserve positions on the foreground place of attack developed usually are concentrated at a spot well behind the battle front where there are good railway lines for moving them to a menacing position on the front as soon as the location of the opponent's main effort definitely is established. Accordingly some doubt was raised concerning the latter explanation.

Holland Fears Defense.  
Whatever the cause of the concentration of a large force of German troops was on the Holland border when Germany's inauguration of submarine war and President Wilson's appeal to neutral nations to join with America in protecting neutral interests against Germany, brought to the foreground Holland's position in reply to the German campaign. Their bayonets emphasized the economic and political follow counsel which it was feared might have drawn the little kingdom into the great European war. Rumors were heard, too, in neutral quarters in Berlin before the departure of the Associated Press correspondent, that a flaw had been discovered in Holland's strategic scheme of defense against Germany, which as is known, involves flooding parts of the country in front of the selected line of defense. According to these reports it had been discovered that attempts to flood these districts would lay under water a greater area than had been contemplated and would throw the general scheme of Holland's defense in confusion.

Seamen Taken Aboard.  
Newport News, Feb. 12.—Sailors from the American schooner Franklin, who arrived here today, reported that three German seamen were taken from aboard the Franklin by British naval authorities at Gibraltar and interned there on the pretext of the captain of the schooner, The Franklin arrived in Hampton Roads yesterday from REYPT.

Gets Four Years in Pen on Charge of Harboring Oklahoma Bank Robbers  
By Associated Press.  
Oklahoma City, Feb. 12.—The jury in the trial of Joe Welsher, charged with harboring bank robbers, returned a verdict of guilty here late today. Welsher was sentenced to four years' imprisonment in the state penitentiary.

Welsher was arrested shortly after Jess Little and Russell Tucker, accused of robbing the First National bank at Harrah, were traced to his home. In the fight with a sheriff's posse that followed, Tucker was killed. Little was convicted and sentenced to prison.

Welsher's plea was that the robbers compelled him to give them lodging.

Military Convoy Train May Precede Ambassador and Party to Mexico City  
By Associated Press.  
San Antonio, Tex., Feb. 12.—According to information from Laredo, Texas, plans have been made to send a military convoy train from Nuevo Laredo to Mexico City preceding the special train carrying United States Ambassador Henry P. Fletcher and his party to the capital. A special train bearing representatives of First Chief Carranza and similarly escorted has arrived in Nuevo Laredo. Activity of Felicistas between Monterey and Nuevo Laredo is given as reason for the precautions.

## BELGIAN LABORERS ARRESTED AND ARE TAKEN TO GERMANY

VICTIMS FORCED TO PUT UP BARB WIRE FENCES AND DIG TRENCHES.

By Associated Press.  
Havre, Feb. 12.—The Belgian government says it has learned that laborers at Bruges are being arrested in the streets by Germans and immediately sent to the German front along the Yser, where they are forced to do military work such as putting up barb wire fences and digging trenches.

It is asserted that 75 per cent of the men who were compelled to present themselves to the military authorities have been taken for work. These men are between the ages of fifteen and forty-five. They leave their homes Monday and return Saturday. On their arrival home they are declared to be greatly depressed because of insufficient nourishment which consists of a quarter of a loaf of war bread in the morning and fruit soup made of apples and prunes at noon. This is said to be all the men receive.

The Belgian government affirms that contrary to what the Germans say, the Germans are systematically taking men who are not idle. At a large steel mill laborers have been compelled to quit and work for the Germans. The same is declared to be true of horticultural workers. At a well known horticultural establishment eleven workers out of twenty-four have been taken away. A diamond cutter who paid his employees nine francs a day saw them all taken away from him. A foreman who had been working for one man in Bruges for twenty-seven years was taken from his home together with his two sons, neither of whom was idle.

It is stated that no account is taken of certificates or affidavits given by employers. When employers make demands in behalf of employees the military authorities write them that they are disposed to return workers on conditions that the employers designate two unemployed men for each employed workman liberated.

The situation says the Belgian government, is no better in the rural districts, where all the sons of farmers are taken away in masses every Monday morning. All farms of seventy-five acres remain without hands for cultivation and all complaints remain unheeded. Children of less than fifteen years also are taken.

## BELGIAN RELIEF WORK WILL BE CONTINUED

AMERICANS ARE FORCED TO DISCONTINUE THEIR SERVICES.

By Associated Press.  
Washington, Feb. 12.—Expulsion by the German military authorities of the American commission for relief in Belgium and northern France after its two and a half years of devoted service during which the greatest and most sustained relief work in history was built up, was officially reported to the state department today in a telegram from Ambassador Page in London. The news was received here with profound regret, the development being regarded as one of the most deplorable of the results which have followed from Germany's announcement of unrestricted warfare on January 31.

American aid to Belgium will not, however, be allowed to die. The American committee outside Belgium will continue its work as far as possible in collecting funds, purchasing and organizing supplies and directing the work from the outside. Herbert Hoover, chairman and directing genius of the commission, has announced that relief operations will continue in all ways not blocked by the Germans.

They say that the facts spoke for themselves. Germany has made the position of American relief workers untenable and the workers have been withdrawn. There is no recourse or palliative. The military authorities have spoken and their voice must be heeded.

If Stomach Hurts Drink Hot Water

"If dyspeptics, sufferers from gas, wind or flatulence, stomach acidity or sourness, gastric catarrh, heartburn, etc., would take a teaspoonful of pure bicarbonate of soda in half a glass of hot water immediately after eating, they would soon forget they were ever afflicted with stomach trouble, and doctors would have to look elsewhere for patients."

In explanation of these words a well known New York physician stated that most forms of stomach trouble are due to stomach acidity and fermentation of the food contents of the stomach combined with an insufficient blood supply to the stomach. Hot water increases the blood supply and dissolves the acid. Instantly neutralizes the excessive stomach acid and stops food fermentation, the cause of the two, therefore, being a most successful and decidedly preferable to the use of artificial digestants, stimulants or medicines for indigestion.

## REVENUE MEASURE VOTED APPROVAL

SENATE FINANCE COMMITTEE TO REPORT MEASURE SOON.

By Associated Press.  
Washington, Feb. 12.—Final approval of the administration revenue bill as amended by the democratic caucus was voted today by the senate finance committee and Chairman Simmons was authorized to report the measure and urge its passage as soon as possible. There will be a big fight on the floor of the senate over the amendment reducing the oleomargarine tax from 10 to 2 cents a pound. Many democratic senators oppose it and were not bound by caucus action to support the proposal.

The 8 per cent net profit tax, increased inheritance taxes, munitions excises and proposed \$100,000,000 bond issue of the house bill are retained in the bill as it goes to the senate, the whole calculated to raise approximately \$350,000,000. The net profit tax is limited to run until July 1, 1921, and the munitions taxes would expire six months instead of a year after termination of the European war.

## RAILROAD PASSAGE FOR MEMBERS OF LEGISLATURE ASKED

HOUSE OF REPRESENTATIVES  
GOES INTO UPROAR WHEN  
AMENDMENT PRESENTED.

By Associated Press.

Austin, Feb. 12.—The house of representatives went into an uproar today when an amendment was introduced to the anti-pass law which would allow members of the legislature to ride on passes. In addition, it would allow members of the board of regents of the University of Texas and A. M. college, and the governing boards of other institutions. When the previous question had been ordered and a vote taken after an effort to strike out the enactment clause the vote was 66 yeas and 65 nays and the bill was passed to engrossment over the protest of many members that the legislature was putting itself on record as incurring a storm of censure and protest that was sure to come from the people who had demanded the enactment of the law. Newspaper publishers from all sections of the state are here today in the interest of some proposed amendments to the libel laws.

Senate Passes Dayton Bill.

Austin, Feb. 12.—The senate passed finally today the senate bill by Dayton, amending the law providing for county libraries. This is the bill which makes effective this law and which is recommended by the Texas State Library association.

Senator Hudspeeth today had recommended the bill for the relief of railroads, giving them more time in which to complete extensions.

A resolution of sympathy for former Senator Austin on the death of his brother was adopted.

Among the bills introduced in the senate were:

Prohibiting the practice of law by persons not licensed as attorneys-at-law; Hudspeeth, providing for protection of stock raisers in certain localities; McCollum, requiring the commissioner of insurance to license agents of insurance companies; Hudspeeth, providing for filing of delinquent tax suits by city attorney or by the mayor or attorney employed for that purpose.

The house bill by Metcalf, providing for the establishment of a Texas agricultural and mechanical college was taken up in the senate. After discussing the measure for some time the senate recessed until 2:30 in the afternoon. Consideration of the bill was resumed in the afternoon.

Town Bill Reported.

Austin, Feb. 12.—Senate committee on towns and city corporations reported favorably today the senate bill authorizing the incorporation of towns and villages containing more than two hundred and less than 10,000 population; also favorably senate bill validating the incorporation of Texas City; favorably senate bill authorizing cities of 5000 and over to have their own charters.

Senate committee on internal affairs reported favorably the senate bill increasing salaries of the state ranger force. Senate committee on internal improvement reported favorably senate bill giving power of interurban companies to own electric light and power plants in cities through which they traverse.

Another Utility Measure.

Austin, Feb. 12.—The third public utilities bill to be introduced during the present session in the senate was presented today by Senator Clyde Robbins of Athens. The Robbins bill changes the name of the railroad commission to "railroad and public utilities commission." It does not change the number of commissioners or increase their salaries. It simply gives the present commissioners additional work and gives that body jurisdiction over all public utilities the same as it now exercises over the railroads of Texas. The bill also authorizes the public utilities over which the bill gives jurisdiction to the commission. Whether these public utilities are owned by municipalities or by corporations or not the commission is given jurisdiction over them.

Asks for State Charity Board.

Austin, Feb. 12.—A bill was introduced in the senate today by Senator Lattimore providing for the creation of a state board and department of charities and corrections to be composed of three members without salaries. The bill also authorizes the licensing of charitable and correctional institutions soliciting funds from the public and charging a fee therefor. The board is also authorized to visit and inspect all charitable and correctional institutions supported in whole or in part by public funds.

Marlin, Feb. 12.—The Falls county grand jury reconvened here this morning after a recess of four weeks and immediately began work on the cases confronting them for investigation.

Two incidents resulting in the death of a man in each, which occurred following their completion of the first session will receive their attention and indications were that the investigation of the death of Bob Williams, which occurred in the residence section of the city recently, and following immediately Mrs. Gertrude Kahmann was arrested charged with firing the shots that caused his death and later her husband, John Kahmann, who appeared on the scene soon after the shooting and displayed a pistol was arrested as an accomplice, would be a statement, was released on a bond of \$1,000 and Mr. Kahmann on a \$500 bond, awaiting the action of the grand jury. The other case resulted from the death of a Mexican after he had been struck on the head. Will Pharis was arrested in this connection and placed under a light bond awaiting the action of the grand jury.

Work on the hangars for the housing of the airplanes to be used in the aviation school, established here by L. D. Stephens and Lester Miller of Dallas, has begun and will be rushed to completion, while mechanics are overhauling and putting into flying condition three airplanes brought here by this company. It is estimated that within two weeks they will be ready for test flights.

Building activity in Marlin has not slackened its pace with the new year and there is now under course of construction buildings representing a total expenditure of more than \$100,000 and several others will be started just as soon as plans can be completed. Noteworthy among these is the new Presbyterian church which will be erected at a cost of approximately \$25,000 as soon as plans are completed.

Work of construction on the Clark industrial high school building is now being put under headway and this week will show appreciable results, while the handsome residence of Hal St. Clair which is being erected at a cost of \$30,000, is almost completed.

The Carter, Bartlett and Spivey building is nearing completion, while the Reed and Stanley office building just opposite the federal building is well under way. A residence is being erected on Capps street by T. A. Cheeves.

## PROMISE ALL AID TO U. S. OFFICIALS

AMERICAN MANUFACTURERS TO  
ASSIST IN ZEPPELIN DEVELOPMENT.

By Associated Press.  
Washington, Feb. 12.—Promises of co-operation with the government in its efforts to develop satisfactory Zeppelin type aircraft for the army and navy was made by leading American airplane and rubber manufacturers at a conference here today with Rear Admiral David W. Taylor, chief constructor of the navy and head of the joint army-navy board investigating the dirigible problem. A preliminary survey of the materials and plants available was begun and the manufacturers expressed belief that big aircraft similar to the German machines could be turned out.

Representatives of the Connecticut Aircraft company, the Curtiss Airplane company, the Goodyear, the Goodrich and the United States Rubber companies were present.

Officials view the Zeppelin problem more as a commercial than as a scientific one. With funds available and the co-operation of plants they appear to be certain of their ability to construct ships that could duplicate the performances of the German craft in durability and length of flight.

Much information has been received from England and elsewhere as to the nature of the Zeppelins brought down during the present war.

Profitless patriotism is the 400 per cent pure brand.

Like the rest of us, Wilson knows the senate's seldom unanimous.

## THE BATTLE OF STOMACHS.

WHEN one reads the story of the food distress of the central powers so graphically told in the Associated Press dispatch on page one the answer to Germany's decision to stake all on the result of a ruthless submarine warfare becomes apparent. Her's is not merely a question of starving England. It is a matter of starving England before she is herself starved into submission. It is not a pleasant thing to think of.

Germany's armies are well fed and well armed. In the main they have been victorious even though they have failed in solving the riddle of Verdun and the Marne.

But the Kaiser's battalions are being constantly worn down and they can not be recruited from a civil population suffering from malnutrition.

The growing boys of Germany are being stunted in body and spirit by hungry stomachs. It is horrible to think of the nursing babies crying for provision which hunger-stricken breasts deny.

Food-stripped Belgium, the ravenous granaries of Hungary, the empty soup kitchens of Vienna, all have their countless tragedies.

It looks as if the end must come soon or that millions must face the death of deaths before the 1917 harvest.

Certainly England has the best of the battle of hunger with her well fed millions yet to feel the pinch of emptiness. The Kaiser's Waterloo is being met in the vitals of his people.

## THE NEW AUTO CENTER.

WACO has almost over night taken on the dress of a new industry—the jobbing of things pertaining to the automobile.

The Goodrich distribution station announced today is but one of the rapid series of business mile posts in Waco's wholesale progress.

The automobile business is largely a product of the last ten years and the leaders of the industry are not tied to the skirts of convention that until a few years ago considered Dallas as the logical wholesale point for both North and Central Texas.

Nothing developing this year is so full of promise and significance as the decisions of the auto industry in favor of Waco. It means that manufacturers seeking to take advantage of the growing Central Texas market will favor Waco as a jobbing center because Waco is proving the most economical distribution point for twenty-five of the most populous counties in the state.

## BRING HOME THE "BACON."

A representative body of Waco citizens will leave for Austin tonight to bring home a court of appeals.

The judicial committees of successive legislatures have recognized the value to the state of an appeals court here. There seems hardly a possibility that the committee hearing Wednesday will not develop a strong presentation of Waco's claims and result in a favorable report from the committee to the legislature.

## A SCENIC ROADWAY.

THE work already done on the project for the Cameron Park-Bosqueville roadway almost assures its building. It will make a welcome addition to the hard-surfaced auto routes near Waco. It will be about six miles in length.

The Rotary club very properly endorses the proposal. The city government should actively work for it.

AERIAL ACTIVITY  
ALONG THE FRONTS  
IS SPECTACULAR

"GOOD FLYING" IN SINGLE DAY  
MAY EQUAL A HUNDRED  
FLIGHTS.

Correspondence of the A. P.  
With the British armies in France, Feb. 12.—The announcement that "improved weather conditions permitted increased aerial activity along the entire front" is the laconic and prosaic way in which the official communique dismisses some of the most spectacular episodes of the war.

With a candor often uncommon in times of strife, the British communique may end from day to day with the simple statement that one or two or three or four of "our machines have not returned." This means they have either been hit and forced to land in the enemy lines, or have been shot down to a fate more certain. It is no child's play to circle above a German battery observing for half an hour or more, tortured by exploding shells and black shrapnel, and to the fear of the hostile craft. Evidently the Germans were intent upon some errand which they proposed to carry out in force. They paid no heed to the khaki-clad airmen until he deliberately dove into them, firing as he came. This threw the twelve Germans into a panic and their formation was entirely broken up. Meantime Lieutenant A. got beneath the nearest machine and fired an entire drum of cartridges into it at fifteen yards. The hostile machine collapsed and "crashed." That is the supreme word in the lexicon of the flying corps. A machine may fall, or dive, but until it is actually seen to "crash" it is not counted as an enemy "casualty."

One Hundred a Day.  
The "good flying" of a single day on the British front alone may represent a day of a hundred flights, a day of four score aeroplanes in wing-to-wing combat—a day of a thousand personal incidents and deeds of daring in the once strange strata of high thin air.

It might tell, for instance, of how Lieutenant A., in a fast-flying scout machine, encountered a squadron of 12,000 German Rolands. The odds were one-sided enough, but the young Britisher decided to take a chance. He dived swiftly and surely until he got far above and to the rear of the hostile craft. Evidently the Germans were intent upon some errand which they proposed to carry out in force. They paid no heed to the khaki-clad airmen until he deliberately dove into them, firing as he came. This threw the twelve Germans into a panic and their formation was entirely broken up. Meantime Lieutenant A. got beneath the nearest machine and fired an entire drum of cartridges into it at fifteen yards. The hostile machine collapsed and "crashed." That is the supreme word in the lexicon of the flying corps. A machine may fall, or dive, but until it is actually seen to "crash" it is not counted as an enemy "casualty."

After seeing his particular enemy "crash," Lieutenant A. drew off to think things over. He was somewhat amazed to see still more hostile machines coming up in formation. But he dashed at the leader of the new formation and sent him in a spiral nose dive to a "crash." This led to still more complications and the intrepid little pilot soon found himself engaged with three machines. His fight with these was in vain.

"For," says the official record, "having expended all his ammunition, Lieutenant A. set off for home."

A few days later, it is related, he took a running fight with all the twenty hostile machines with all the self-assurance an eagle might have in the midst of a flock of sparrows. Before he was through he had sent three adversaries "crashing."

Hungarian Parliament  
Fixes Itself Securely

Correspondence of the A. P.  
Budapest, Feb. 12.—The oath which the new king of Hungary took at the coronation ceremonies here, as prepared by the Hungarian parliamentary committee, was expressly worded "so that in connection with any peace agreement it will be almost impossible for the king-emperor to make any cession of territory without the consent of the Austrian and Hungarian parliaments." The oath reads:

"We, Charles the First, emperor of Austria, the fourth king of Hungary, by this name, etc., swear by God and all His saints, that we will respect the freedom, liberties and rights of all our subjects, and that we shall under no circumstances alienate any parts of Hungary, Croatia, Slavonia, and Dalmatia; on the contrary, we shall so far as in our power, increase that territory and extend their boundaries and shall do all we can in the interests and glory of all these states of ours."

Famous British Isle  
Is Now Without Water

Correspondence of the A. P.  
Holywell, North Wales, Feb. 12.—St. Winifred's Well, the most famous in the British Isles and for centuries the mecca for pilgrims from all parts of Europe, had come dry. The incident has created a sensation in this little town which relied on the well for its livelihood.

The well gave up 2000 gallons per minute. The town relied on the well for its water supply and considerable revenue was derived from the pilgrims and from the Roman Catholic church, which paid the town council an annual rental for the privilege of building a shrine and conducting services on the site.

As soon as the well failed an investigation to ascertain the reason was begun and the authorities believe they have fathomed the mystery. It seems that the engineers in order to drain the waters that have hindered the mining of lead deposits under Halkin mountain near here, tunneled deep and unexpectedly tapped the subterranean stream that broke from the ground at St. Winifred's.

English Fairs to Come  
Between Feb. 26-March 9

Correspondence of the A. P.  
London, Feb. 12.—Fairs at which British industries will be exhibited will be held simultaneously in London and Glasgow from February 26 to March 9. The London fair will include an exhibition of toys and games, earthenware, china, glass, fancy goods, stationery and printing. The Scotland fair will show textiles, ready-made clothing, boots and shoes, foodstuffs and domestic chemicals. The exhibitors expect a great influx of foreign buyers and the delegation from the United States and Canada will be especially large.

PHOPSEY OF POLICEMAN PROVED ALMOST TRUE MADE MARCH, 1916.

Correspondence of the A. P.  
Berlin, Feb. 12.—Back last spring, when butter first began to run short, and the waiting lines first began to form, two housewives were quarreling over their respective rights in line. They quarreled so vociferously that they attracted the attention of a policeman.

Laboriously he separated the pair, and when he had placed them far apart, he addressed them and all the other women in the long "butter queue."

"Stop the controversy. Don't fight. You're not going to starve, but you are going to go hungry."

His words were more effective in the original German because of the similarity of the two words. "Verhungern" means to starve, but "hungern" means to go hungry.

The policeman was no prophet, yet, in March of 1916 he almost exactly outlined a situation that now exists. There are no longer butter lines, and a few potato lines that began to form during the last month of last year have been done away with. Organization has done that, though it has failed to supply any more butter than there was on hand in the spring, or any more potatoes than there were in November.

On the contrary, there is much less butter than there used to be, a fact which is attested to by the comparison of sixty grams allowed each person per week now, as against 250 in the spring. There are less potatoes, and the visible supply at very best will last until next July—when a new harvest will be in.

Very Little Butter.  
A summary of the German food situation today shows: Very little butter with little if any prospect that there will be more in the immediate future. An equally small amount of meat that does not bid fair to increase because there is so little feed on which the cattle can be nourished and fattened. A minimum amount of sugar, since less than the usual supply of sugar beets was raised in 1916, and a part of the supply has to go toward making amulets during the past summer.

An almost complete failure of the potato crop, so that the bread ration is to be "stretched" with barley instead of potato flour, to the consequent diminishing of the loaf production. An almost negligible supply of coffee and a very slender amount of tea.

On the credit side of the ledger stand the vegetables that were raised in great quantities during the past summer, and that with German thoughtfulness and system have been dried in great quantities, and will be available for the winter. Likewise there are great quantities of marmalade, or near marmalade, which have been stored up as a substitute for butter. The substitute is very poor, but better than nothing.

Ruling India Chieftain  
to the Imperial Council

Correspondence of the A. P.  
London, Feb. 12.—One of the ruling chiefs of India, the Maharaja of Bikaner, will be among those attending the Imperial conference in London, late in February of the premiers of the various colonial possessions of the British empire. He will accompany the secretary of state for India, who will also have the advice and assistance at the meeting of Sir Satyendra Prasanna Sinha, the first Indian to be appointed a member of the executive council of the viceroy.

Sir S. P. Sinha was president of the Indian National Congress in 1915 and now holds the office of Advocate General at Bengal.

Wages of Six Millions  
Have Increased 50 Per Cent

Correspondence of the A. P.  
London, Feb. 12.—Wages of six million work people have increased about \$1.50 to \$3 per week during 1916, employment has increased until the demand is greater than the supply and the price of food has gone up eighty-seven per cent since the war began, according to the official review of the board of trade.

HELPLESS HOLLAND  
ASKED TO PREPARE  
FOR POSSIBLE WAR

Correspondence of the A. P.  
Amsterdam, Feb. 12.—The Nieuwe Amsterdammer launches a campaign for military preparedness with a striking editorial under the heading "Helpless Holland." It says in part:

"We must not forget that we are defenseless. As defenseless as if our army was solely composed of men who refused to do military service."

"The army authorities in the beginning of the war failed to supply a number of indispensable necessities, such as heavy guns and anti-aircraft guns. Thus the whole of our expensive mobilization has been a mere demonstration. Nobody knows this better than the German general staff."

"Our army has no guns to oppose the placing of heavy batteries by an enemy say forty miles from Amsterdam. And if we had them we should not know in which direction to fire, for we have no airships. Neither would there be any supplies to fall back on in Amsterdam."

"We thus have good reason to be humble to our German neighbor, as humble as Irish Heep. Our soldiers could only stand and allow themselves to be shot down."

Record Fine Imposed  
On a German Subject

Correspondence of the A. P.  
Zwickau, Germany, Feb. 12.—The record fine of nearly a quarter of a million marks has been levied on Ernst Goeldner, a manufacturer of Krimmitschau, for wrongfully using in his factory goods that had been confiscated by the government, and for selling at more than the maximum prices the goods manufactured from the illegal materials.

Goeldner put up a valiant defense, but his downfall in court came largely because his competitors, over whom he had held the whip hand while he had operated with confiscated materials, were on hand in force to rebut every piece of evidence he offered.

Fifty Million Pounds  
Per Year for Pensioners

Correspondence of the A. P.  
London, Feb. 12.—When the new British pensioners scheme next unfolds his new pensioners scheme next month, it will be found that it will cost the country not less than 50,000,000 pounds a year. According to Mr. Balfour Forester of the scheme, there will be a minimum of one pound a week to widows of soldiers and sailors who are unable to do any wage-earning work, while adequate sums will be paid to disabled and crippled men, irrespective of their ability to return to active civilian life.

The new pensions department will be permanently housed in a group of new buildings about two miles west of the principal government offices in Whitehall. The staff will include about two thousand persons at the outset.

The campaign for war will be abroad today.

LINCOLN EULOGIES  
HEARD IN CONGRESS

MANY MEMBERS ALSO ATTEND MEMORIAL SERVICE LAST NIGHT.

By Associated Press.

Washington, Feb. 12.—Although congress continued in session through Lincoln's birthday, at work on the congested legislative program, eulogies to the liberator were delivered in both senate and house and many members attended a memorial service held last night under auspices of several patriotic societies.

Senator Lewis, speaking in the senate, declared that in the present international crisis the issue involved is the same issue of liberty and justice which Lincoln gave to America. In the house the Gettysburg address was read and Representatives Dill and Chipfield made eulogistic addresses. At the meeting tonight former Speaker Cannon related his personal reminiscences of Lincoln.

"Lincoln and America," Senator Lewis predicted, "would be the shrine to which the world would turn after the great war for a new dedication of society to the principle of democracy."

"Today in the crisis pending between the United States and lands of Europe," he said, "the issue before the world is the issue which Lincoln gave to America—the right of man to exercise liberty of action, freedom of intercourse and to enjoy justice from all."

Troops of Virginia and South Carolina En Route Home From Texas Border

By Associated Press.

San Antonio, Tex., Feb. 12.—Troop A, engineers and South Carolina field hospital are en route home from El Paso to be mustered out of the federal service. Tennessee field hospital and ambulance company also left El Paso yesterday and the second Virginia infantry started from Brownsville for Richmond.

The Sixth Pennsylvania Infantry is scheduled to get away from El Paso today and the second battalion First Minnesota field artillery will leave Llano Grande before night. The Fourth Texas infantry will reach San Antonio today from the Big Bend district to take station at Camp Wilson.

The return movement of the Fourth Missouri infantry has been set for February 20.

"BARE-FOOT EUROPE"  
NOT IMPROBABLE

IF THE WAR CONTINUES SHOE LEATHER WILL BE LUXURY.

Correspondence of the A. P.

Rome, Feb. 12.—"A bare-footed Europe is not improbable if this war continues," said John F. Stucke, vice president of the American Chamber of Commerce in Italy and general manager of an American shoe machinery company, in an interview concerning supply and business conditions met by Americans abroad.

"At the present time a pair of heavy mountain shoes lasts a soldier but six weeks," he said. "These shoes have their heels and soles studded with nails at that. The shoes are made largely in Italy but with American machinery and American leather, and the quality of the materials is the best I can furnish, but that quality is of course inferior to that sold before the war. When manufactured by the hundred thousand, these shoes cost the government about four dollars each. But the supply is always behind the demand, since supplies arrive very slowly from America. On one ship, the Palermo, which was torpedoed in the Mediterranean off the coast of Spain in early December, the material for nearly a half million pairs of shoes was lost."

"The retail store trade in Italy is now obliged to pay nearly seven dollars wholesale for shoes that before the war cost three and a half, and it is probable that American shoes will be selling in Italy soon for ten and twelve dollars the pair. The American shoes, because of their shape and fit, have long been the chief product on the market here, and particularly since the war, as the handmade shoe cannot be made quickly enough."

## Russia Reopens Mine Territory for Big Riches

Correspondence of the A. P.  
Petrograd, Feb. 12.—Gold, silver, zinc and lead mines in the Altai mountains which had been abandoned as exhausted, have been reopened and found to still contain rich seams of minerals. Exploration of one mine indicates beds of 3,500 tons of zinc and lead with a considerable proportion of gold and silver.

## WHEN MARRIAGE IS A FAILURE

Surely marriage is a failure when its essential purpose, the raising of a family of children, proves impossible. In the childless home the married pair, though sometimes more or less unconscious of the fact, grow disappointed and lonely. Lacking the bond tie to hold them together, they are likely to drift apart, hence many separations and divorces.

If every wife, whose physical state prevents motherhood, would but try that great remedy, Lydia E. Pinkham's Vegetable Compound, there would be far fewer childless homes.

## Knocks Obsolete Coughs in a Hurry

A Simple Home-Made Remedy that Gets at the Cause.

Thousands of people normally healthy in every other respect are annoyed with a persistent hanging-on bronchial cough year after year, disturbing their sleep and making life disagreeable. It's so needless—if there's an old home-made remedy that will end such a cough easily and quickly.

Get from any druggist "2½ ounces of Pinex" (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Begin taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also promptly loosens a dry or tight cough, stops the troublesome throat tickle, soothes and soothes the inflamed, and relief comes almost immediately. A day's use will usually break up an ordinary throat or chest cold, and for bronchitis, croup, whooping cough and bronchial asthma there is nothing better. It tastes pleasant and keeps perfectly.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, combined with guaiaacal and is used by millions of people every year for throat and chest colds with splendid results.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Try this yourself then pass it along to others. It works!

Ouch! ? ! ? ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called frezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says frezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of frezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

come forward and given the medicine  
their unqualified endorsement because  
of the benefits they have derived from  
its use.

Judge G. W. Kyser, 1204 West Ninth  
street, Austin, Texas, in a recent in-  
terview, made the following state-  
ment:

"Tanalac is rapidly making me over  
into a new man and I will always  
speak a good word for it when I have  
the opportunity."

Judge Kyser served in the Civil war  
with the thirty-second Texas Cavalry  
under Colonel Woods and the Confed-  
erate veteran needs no introduction  
to the southern home of Tanlac. The  
Judge occupied the bench in Caldwell  
county for twenty years and re-  
signed this office to accept the ap-  
pointment as commissioner of pen-  
sions under Governor Colquitt. After  
eighteen months in this high office,  
he was compelled, on account of fail-  
ing health, to retire from active life.  
He is not only one of Austin's most  
highly respected citizens, but is prom-  
inently known throughout the state.

"I have suffered from constipation  
for years," continued Judge Kyser. "I  
had rheumatic pains all over my body.  
I was restless and couldn't sleep at  
all. I was tired and my mind seemed  
to be sluggish. I had no energy and  
suffered frequently from headaches.  
And, on top of my other troubles,  
about a month ago, I took a severe  
cold which left me with a pain in my  
chest and a dreadful cough—I couldn't  
rest at night for coughing—and to be  
frank about it, I was just about played  
out."

"But I am feeling like a different  
man now, thanks to Tanlac. I saw it  
advertised and began taking it. In  
two bottles I feel more active and en-  
ergetic than I have in a long time. In  
fact, I'm feeling fine now and nothing  
has helped me but Tanlac. I recom-  
mend it to my friends as the best  
medicine I have ever found to  
build up a weak run-down system and  
to restore lost health and vigor."

Tanalac is sold in Waco by Morris-  
son's Old Corner Drug Store, under the  
personal direction of the special Tanlac  
representative—Adv.

## THEATRES

### AUDITORIUM.

Majestic Vaudeville.  
"Honk, Honk, Honk," the comedy of  
unusual merit is booked as the head-  
liner for the Majestic bill which will  
begin a two-days engagement at the  
Auditorium theatre tomorrow matinee.  
This act has been highly complimented  
where it has been given. Other num-  
bers of the bill help to make up a well  
balanced program.

### HIPPODROME.

"The Gunfighter."  
In another of his much liked "bad  
man" roles, William S. Hart will ap-  
pear at the Hippodrome theatre today  
only. The play is called "The Gun-  
fighter" and is one of the best of the  
Hart-Loane productions. This  
drama contains more powerful sit-  
uations than has any other Hart play  
of recent date, and offers this force-  
ful actor in a role which is said to be  
one of his really great roles. It is an  
exciting tale of an Arizona outlaw, cold  
and stern, who has won his place and  
power by the killing of notorious  
border gun bullies. It recites the ad-  
ventures of this "killer" as he is  
called, by every one south of the Gila  
mountains, and El Salvador, a half-  
breed bandit who holds sway farther  
south.

### BICYCLE IS MISSING.

Farrand Wilson, 2815 Columbus  
street, yesterday afternoon at 3 o'clock  
discovered that his bicycle was miss-  
ing from in front of the Waco high  
school, where it had been left.

Police headquarters were notified  
of the theft.

## Snake Oil

Will Positively Relieve Pain in Three  
Minutes.

Try it right now for Rheumatism, Neu-  
ralgia, Lumbago, stiff and swollen  
joints, pains in the head, back and limbs,  
corns, bunions, etc. After one applica-  
tion pain disappears as if by magic.  
A never-failing remedy used internally  
and externally for Coughs, Colds, Croup,  
Sore Throat, Diphtheria and Tonsillitis.  
This oil is the most penetrating  
remedy known. Its prompt and  
immediate effect in relieving pain is due  
to the fact that it penetrates into the af-  
fected parts at once. As an illustration,  
pour Ten Drops on the thickest piece of  
sour leather, and it will penetrate this  
substance through and through in three  
minutes.  
Accept no substitute. This great Oil is  
golden red color only. Every bottle sur-  
rounded by 25c and 50c a bottle, or money  
refunded. At Old Corner Drug Store and  
leading druggists.

## BERNSTORFF'S WIFE AN AMERICAN WOMAN

Countess von Bernstorff, photographed  
in Washington on day relations with  
Germany were severed.

Washington, Feb. 12.—Following the  
severing of diplomatic relations with  
Germany there is one woman now in  
Washington toward whom the sym-  
pathies of many officials here natu-  
rally turn. She is the Countess von  
Bernstorff, wife of the German am-  
bassador.

Although the wife of a German no-  
bleman, Countess von Bernstorff is an  
American by birth. As far as is known  
she is the only American woman mar-  
ried to a German diplomat.

## BRITISH CAPTURE GERMAN TRENCHES

### ITALIANS RETAKE POSITIONS LOST BY THEM LAST WEEK.

By Associated Press.  
Again the British have attacked the  
Germans north of the river Aene in  
the vicinity of the Beaumont-Pu-  
sieux road and captured about six  
hundred yards of trenches. At Sor-  
midway between Beaumont and Pu-  
sieux the Germans delivered an at-  
tack against the British but were re-  
pulsed, according to the British war  
office.

Berlin, on the other hand, says the  
British attacks against wrecked Ger-  
man trenches from Serre to the river  
were repulsed, suffering heavy casu-  
alties. It is admitted, however, that  
a trench southeast of Serre which had  
been rendered unserviceable was evac-  
uated. On the remainder of the front  
bombardments and minor operations  
have taken place.

On the Russian front the Germans  
have attacked the Russian trenches  
only later to be driven out according  
to Petrograd. Berlin announces a  
successful encounter against the Rus-  
sians west of Lutsk.

The recapture by the Italians of po-  
sitions taken from them last week in  
the Gorizia zone by the Austrians is  
told of in the Italian official com-  
munications. More than one hundred  
men were made prisoners in the en-  
gagement.

Four British and one Greek steamer  
are reported to have been sunk. The  
aggregate tonnage of the vessel was  
8,361.

Andrew Bonar Law, the British  
chancellor of the exchequer, has asked  
the house of commons to vote for gov-  
ernment new credit for the conduct of  
the war amounting to £50,000,000  
pounds.

## DEMONSTRATIONS ARE GIVEN AGAINST WAR

### EASTERN PEACE ADVOCATES PA- RADE WASHINGTON STREETS.

By Associated Press.  
Washington, Feb. 12.—Several hun-  
dred peace advocates from New York  
and other eastern cities, members of  
the Emergency Peace Federation held  
a mass meeting here tonight as the  
concluding feature of a day of demon-  
strations and petitions to members of  
congress and the White House on be-  
half of Senator LaFollette's resolution  
providing a referendum on war. Plans  
were laid for organizing branches of  
the federation in many large cities to  
co-ordinate the work of various peace  
organizations.

The visitors, most of them women,  
made the trip to Washington on a spe-  
cial train. After conferring with the  
Chairman Stone of the senate foreign  
relations, and other members of con-  
gress, they marched down Pennsylvania  
avenue with banners flying to the  
White House. Palling to get an audi-  
ence with President Wilson they made  
address to Secretary Tumulty, prais-  
ing the president's peace efforts and  
protesting against any war with Ger-  
many.

## ROTARIANS WOULD HAVE RIVERSIDE DRIVE EXTENDED

CONNECTION OF SOUTH FIFTH  
WITH TEMPLE PIKE IS RE-  
PORTED FAVORABLY.

Waco may have an extension of  
Riverside drive in Cameron park with-  
in the year if the cost of carrying  
out a suggestion made at the regular  
Rotary club meeting yesterday noon  
at Hotel Raleigh is not too prohibi-  
tive. Tom G. Dilworth when called  
upon to mention some undertaking  
made this suggestion.

According to Mr. Dilworth Riverside  
drive could be extended from the north  
end of Cameron park to the Brazos  
river, thence to the mouth of the  
Bosque river and then on a westerly  
course along the south bank of this  
stream to the Bosque pike and re-  
turning to the city. If this sugges-  
tion is acted on he suggested that this  
road be known as "Temple Road."

Rotarians present voted the adop-  
tion of the suggestion and appointed  
Mr. Dilworth to have a survey of the  
proposed road made and to report  
back to the club. The cost of  
building this road would be  
\$100,000.

Will Lacy offered a suggestion that  
city paved streets leading out to  
county pike roads be connected up  
with pavement. This suggestion won  
the prize—a belt.

### Other Road Connections.

W. V. Crawford, chairman of the  
street and pike committee, reported  
that matters in connection with the  
connecting up of South Fifth street  
with the Temple pike were being fa-  
vorably looked upon. He reported  
that other connections were in good  
shape with prospects of being carried  
to completion.

C. Ryburn of the Waco Auto-  
mobile and Accessory association, offered  
to co-operate with the Rotary club in  
securing road connections.

J. P. Everett of the municipal flag  
committee, displayed a sample of the  
municipal flag. The flag is made of  
heavy cotton fabric and stitched in  
fast colors. The design is three hor-  
izontal stripes, red, white and blue,  
with a map of Texas outlined showing  
Waco as a red dot in the center.  
The word Waco is placed on the center  
stripe.

Nearly every member present gave  
his order for one or more of the flags.

### Names Child "Rotary."

A telegram from Rotarian H. L.  
Davis, now in Wichita, Kan., was read.  
The message stated that a baby girl had  
arrived in his home and that her  
middle name was "Rotary."

To secure former President W. H.  
Taft to speak in Waco when he visits  
in Dallas in the spring, a committee  
composed of H. D. Driscoll, J. M. Pen-  
land and W. V. Crawford was named.  
Delegates to the district Rotary  
convention to be held in Shreveport,  
La., on March 22, will be named at the  
next meeting of the club.

New members introduced to the or-  
ganization yesterday were T. E. Hol-  
land, Inman Roberts, Hawley S. Mc-  
Call and E. C. Bromeier.

### Asks Change in Directory.

A letter from the Real Merchants'  
association was read urging that the  
club pass a resolution asking that cer-  
tain changes be made in the method  
of listing names in the city directory.

The weekly prize, given at this  
meeting by J. J. South, was won by  
T. H. Williams.

### Interest Centering on Recorder Race

With three entrants in the race for  
city recorder in today's election, in-  
terest is centering quite generally on  
that fight. The candidates are Charles  
Israhn, Russell H. Kinsbury and Joe  
Wren.

Charles Braun has been in law prac-  
tice in Waco for the past four years,  
coming here from Louisville, Ky. He  
has been active in a number of local  
organizations. Mr. Kinsbury has had  
considerable experience in the record-  
er's office and has been making an en-  
ergetic campaign for the job. Mr. Wren  
is equally well known and has had ex-  
perience previously. The fight for re-  
corder promises to be a feature of the  
election.

### Notice.

am no longer in partnership with A.  
G. Smith of East Waco, but am suc-  
cessor to S. M. Kirkpatrick, 120 Bridge

patrons than ever. Call and see me.

## Where Can I Find Relief From Itching, Terrifying Eczema?

This Question Is Ever on the Lips  
of the Afflicted.

Eczema, Tetter, Erysipelas and other  
terrifying conditions of the skin, are  
deep-seated blood diseases, and appli-  
cations of salves, lotions and washes  
can only afford temporary relief, with-  
out reaching the real seat of the trou-  
ble. But just because local treatment  
has done you no good, there is no  
reason to despair. You simply have  
not sought the proper treatment, that  
is within your reach.  
You have the experience of others  
who have suffered as you have to  
guide you to a prompt riddance of  
blood and skin diseases. No matter

## Uncle Samuel Thrift Gives Full Meaning of Word Thrift

Uncle Samuel Thrift, "our good  
friend" Uncle George Robinson said  
through his editorial columns, Thrift  
means that you will have to put to  
some good use the points peeling  
Right and wrong, Uncle George. Right  
in that figuratively speaking, the sav-  
ing of the potato peeling, if fed to a  
pure bred Berkshire, Poland China,  
Yorkshire, or other pig that will  
grow into a four hundred pounder and  
help fill the menu for the table when  
full time comes, or perchance help sat-  
isfy the inner cravings of a Jersey  
heifer calf, which will grow into a four  
gallon dependence in the days of high  
prices for the grey substance of life,  
but wrong if the figure means that  
thrift is a miserly, stingy, stifling  
economy practiced by some to make  
ends meet at a small cost, regardless  
of the consequences.

"If you want to know just what  
thrift means, Uncle George, your Un-  
cle Samuel Thrift will tell you in plain,  
cold type, and the charges are nil.  
Thrift is a consecrated, painstaking  
broad-minded inventory, investigation,  
likewise the taking up of all lost mo-  
tion coupled with a life size, Jersey  
positive, classified study of what we  
eat, what we wear, what we use, what  
we save and what we do. This doc-  
trine of Thrift was preached first in a  
practical way about one year or

so ago, when it was decided to n-  
February 3 national thrift day. The  
first attempt was a success and your  
Uncle Samuel is the undisputed pres-  
ident, likewise leader of the first thrift  
club ever organized, along this line  
and it was organized in Waco, the  
membership is growing daily, its use-  
fulness is being enlarged by leaps and  
bounds and I am glad indeed to see  
thrift coming into the organization.  
Thrice welcome, it is a good doctrine  
to preach and there are no limitations  
to a pastorate."

## ORPHEUM BILL HEADED BY MUSICAL NUMBER

PROGRAM FOR FIRST PART OF  
WEEK IS WELL BALANCED.

Featuring a musical number of un-  
usual merit the program for the Or-  
pheum for the first part of the week  
has been here for some time.

In the musical number, two mus-  
icians entertain in a novel fashion. The  
stage setting is that of a beautiful  
garden. After a selection on the har-  
net and mandolin music is then played  
by means of bells attached to rose  
vines. Next the pear tree is attacked  
and music squeezed from the large  
instrument. The sunflower, the rakes  
and the roses are all musical.

Allie Hasson, in "The Little Country  
Girl," proves herself quite an artist.  
By a peculiar modulation of her  
voice she makes the frightened  
country girl of fifteen years to almost  
perfection. Her lines are clean and  
clear, and enforced by facial expres-  
sion hard to surpass for the effect  
desired.

## Tillotson Bill Will Not Be Opposed Locally

J. M. Nash of the committee which  
had been appointed to go to Austin  
and oppose the Tillotson bill, said yester-  
day that the committee will not go to  
the capital, as the bill has been mod-  
ified somewhat and is not as drastic  
as had been reported. There still are  
some objections to the measure, he  
said, but they are not regarded as se-  
rious enough to cause the visit to  
Austin. The committee named to go  
to Austin was composed of J. M. Nash,  
V. M. Washam and T. D. Humphreys.

## County Officials Will Address Road Foremen

County Engineer R. J. Windrow and  
county commissioners will address the  
seventeen foremen of the McLennan  
county road districts at a meeting this  
morning at 10 o'clock in the commis-  
sioners' court room in the court house.  
They will deal with best methods to  
build roads and outline plans for road  
building in this county.

## GAS, HEARTBURN, INDIGESTION OR A SICK STOMACH

PAPE'S DIAPEPSIN RELIEVES  
STOMACH DISTRESS IN  
FIVE MINUTES.

Time it! Pape's Diapepsin will  
sweeten a sour, gassy or out-of-order  
stomach within five minutes.  
If your meals don't fit comfortably,  
or if you feel like a lump of lead  
in your stomach, or if you have heart-  
burn, that is usually a sign of acidity  
of the stomach.  
Get from your pharmacist a 50c case  
of Pape's Diapepsin and take a dose  
after each meal. There will be no  
nausea, no belching of undigested food  
mixed with acid, no stomach gas or  
heartburn, fullness or heavy feeling  
in the stomach, nausea, belching of  
headaches or dizziness. This will all  
go, and, besides, the Diapepsin will  
be no sour food left over in the  
stomach to poison your breath with  
nauseous odors.  
Pape's Diapepsin helps to neutralize  
the excessive acid in the stomach  
which is causing the food fermentation  
and preventing proper digestion.  
Relief in five minutes is waiting for  
you at any drug store.

## Y. M. C. A. Senate Will Discuss Divorce Question

The session of the Y. M. C. A. sen-  
ate will meet tonight at 7:30 in the  
Y. M. C. A. building. The members  
will discuss the divorce question. The  
United States government should devise  
and adopt a uniform system of laws  
pertaining to and governing the celebra-

## What Our Neighbors Say

There are so many people in Texas  
and in every state in the union who  
have been benefited by Dr. Pierce's  
medicines that it is nothing new to  
see their testimony in print.

Mrs. Belle Sewell of Rosser, Texas,  
says: "About eight years ago I had  
a bad cough. I took two bottles of  
Dr. Pierce's Golden Medical Discovery  
and got well. I would advise anyone  
who has a bad cough to take the 'Dis-  
covery'."

Mrs. Paulina Drukenmiller, residing  
at 1404 Avenue A, Galveston, Texas,  
says: "We have used Dr. Pierce's  
Golden Medical Discovery as a blood  
tonic, and think it is fine medicine. I  
gave it to my children for bad blood  
and it did them lots of good. It was  
the only thing that cleared the skin  
and put them in perfect health. They  
were broken out all over with sores,  
and were cured with three bottles of  
'Discovery.' They are in fine health  
now."

Dr. Pierce's Golden Medical Discovery  
can be obtained in liquid or tablet  
form, and is an herbal extract with-  
out alcohol or narcotics. Ingredients  
are printed on the wrapper.  
If not obtainable at dealers, send \$1  
to Dr. Pierce, Invalids' Hotel, Buffalo,  
N. Y., and he will send large package  
of tablets, or for fifty cents a smaller  
package will be sent.

Mrs. Mary Stelling of 877 Taltott  
St., Beaumont, Texas, says: "I have  
used both 'Favorite Prescription' and  
'Golden Medical Discovery' and they  
have done me a world of good; in fact,  
they were the only medicines that did  
if directions are followed implicitly."

Mr. P. C. Smith of 1716 West Third  
St., Texarkana, Texas, says: "I find  
the 'Pleasant Pellets' the best remedy  
I have ever tried.  
If directions are followed implicitly,"

## NEWS CARRIERS WILL ENJOY THEATRE PARTY

WILL BE GUESTS OF PAPER AT  
THE ORPHEUM THEATRE.

Fifty boys of Waco in the employ of the Waco Morning News will be guests of the News at a theatre party tonight. A section of the Orpheum theatre has been reserved for the boys, who will attend the show. This entertainment is prompted as an appreciation of the efforts of the boys, a large majority of whom have been in the employ of the News since February 1. This was the date of change in the method of city delivery.

According to the circulation department of the News the boys have shown much interest and industry in the distribution of their papers while they were fresh from the press. By means of the new carrier system the News is now placed at the doors of subscribers instead of being buried in the yard. Greatest of care is exercised in the delivery of the papers. Aside from the promptness of delivery, the paper is placed where it may be conveniently secured. The paper is placed under shelter, which has proved very satisfactory with patrons of the News.

Manager Harrison of the Orpheum theatre states he has an unusual good show on this week. He has arranged for the entertainment of the boys as well as the public, in grand style by offering a program that brings with pleasure.

The boys will meet at the News office tonight at from 7 to 7:15 o'clock to secure their tickets.

## Division of Porker Results in Finger Loss

Perhaps had feeling did exist between Ben Liga, negro, and Victoria Tatum, negroess, but certainly it must have been that the high cost of living entered into the argument. Anyway, Victoria is minus a finger of her right hand and Liga is charged at the police station with maiming.

It all came about through a discussion over a pound or two of pork. A certain hog was partnership property between the twain. The porker was killed. When the division of the carcass came up, the discussion made its appearance. The fight resulted. Officers Tension and Abbott made the arrest of Liga in East Waco.

## Will Hold Test Case Over Question of Fees

To determine whether or not county commissioners must pay out of the general fund the fee to the county surveyor when a survey is made to establish district school lines, a test case will be taken to the courts. This was decided yesterday morning when the Lennan county commissioners refused to pay for a survey to a committee from China Springs. It is provided by law that the commissioners must stand the expense of this kind but it is claimed there are practically no Texas counties observing the law.

## May Build New Block Near the Morning News

Stopping in Waco yesterday on business, Robert Sinclair of Dublin talked regarding improvements which may be made soon on a business lot next to the Morning News office on Franklin street, between Sixth and Seventh streets. Mr. Sinclair owns the business property just west of and adjoining the News office. A substantial business house may be constructed, said Mr. Sinclair, who is a prominent business man and capitalist of Dublin, Erath county.

## School Children Adopt New Mode of Traveling

A novel method of getting to school during damp and rainy days is being tried by a number of Waco children living on the bitulth streets. The plan is to use roller skates, and the children thus provided, skate complacently across street intersections, then jump up on the cement sidewalks and continue their journey to or from the school. They make much better speed than if they were walking.

## Work on Dam-Lock Begins Soon at Marlin

Work will begin within the next two weeks on the lock and dam at High Bank, below Marlin about twelve miles, said former Mayor James B. Baker yesterday.

Delays have been experienced in getting title to necessary land for the government, otherwise this work would have started sooner. Some work preliminary to building a spur from the International & Great Northern railroad to the site of the lock and dam already has been done.

Work has started on the lock and dam near Hearn, but delayed by lack of cars to haul material, said Mr. Baker.

## BAPTIST INSTITUTE IN SECOND SESSION

MET YESTERDAY AT THE COLUMBUS STREET BAPTIST CHURCH.

"Every person in this audience has either accepted or rejected Christ," stated Dr. Lee Curtis Laws of New York at last night's session of the Bible Institute at the Columbus Street Baptist church. "They have heeded the voices of the evil multitudes or have enthroned Him with a lifetime of service and devotion."

"Unless Jesus Christ becomes your Saviour He becomes your Judge," he said.

Dr. J. L. Cross of New York spoke on "Enlisting an Association" at the night session. He also gave a talk in the afternoon on "Enlisting a Church." Dr. John A. Held, pastor of the First Baptist church at Stamford, organized a training class yesterday morning. The class will take up the study of "What Baptists Believe." Enrollment will close today. Those making passing grades when the examinations are held will receive seals on their teachers' diplomas.

Today's program follows:  
10 a. m., teachers' training class, conducted by Dr. John A. Held.  
10:45 a. m., address, "When a Man's Man," Dr. Powhatan W. James.  
11:15 a. m., address, "Prayer Life," Dr. Laws.  
3 p. m., train class, Dr. Held.  
4 p. m., address, "Every Man a King," Dr. Powhatan W. James.  
7:30 p. m., address, "Christian Doctrine of Holiness," Dr. Laws.  
8:30 p. m., great annual reception will be held in the church parlors.

## Aviator Will Take Joy Rides Over Waco During Week if Weather Favors

Provided the weather is propitious, Capt. Charles Theodore of the Waco School of Aviation will take joy rides over the city during this week. Up to the present time the intense cold in the upper air and the unfavorable weather have delayed these trips.

Captain Theodore on these flights will drop messages to Wacoans in the form of a small piece of cardboard bearing an appropriate admonition to them having the interests of the city at heart.

Passengers may accompany him on these trips, Captain Theodore said last night.

## WACO RESTAURANT MEN MEET TONIGHT ON THE H. C. OF L.

DECLARE THAT PRESENT PRICES  
PROHIBITIVE AND UNJUST.

Waco restaurant men will meet tonight in an attempt to find a method of reducing prices which they are now paying for produce. They claim advantage is being taken of general prosperity condition to shove the prices higher than they should be.

The meeting will be held at the Terminal hotel at 8 o'clock p. m. Mayor John Dollins is invited and will attend. "I don't think a single restaurant man refused to attend the meeting Tuesday night," said K. W. Carter Monday.

"Fifteen restaurant men have agreed to attend the meeting. All interested persons are invited."

**Want Housewives to Come.**  
"We especially invite the Waco housewives who a few weeks ago started out to bring down the price of butter and eggs. This is their fight, too."

**Object to Onion Prices.**  
"We restaurant men have to pay 10 cents a pound for onions, while not long ago 5 cents a pound was considered a high price."

Irish potatoes (spuds) now are \$2.50 a bushel. We used to think they were very high when we had to pay \$1.25 a bushel. They have advanced greatly within ninety days. I understand right now there are 65 cars of potatoes in El Paso that are being held for higher prices. Many times things are actually allowed to rot in an effort to squeeze the public up to paying exorbitant prices. If all of Texas' products were actually consumed there would be no high prices. The southern boundary men are manipulating the market."

**Eggs 40 Cents a Dozen Wholesale.**

"Eggs now are 40 cents a dozen wholesale. By the time they are served the price becomes too high; customers are not satisfied and restaurant and caterers do not get a living profit."

"Butter went up 2 cents a pound Monday and is now 40 cents. Too much!"

"And now freight rates have been advanced on rice, putting another staple on the ascending scale."

"When you try to get a 25-cent cabbage head now it is necessary to get a magnifying glass to find it."

**To the Public.**

All persons having claims against the estate of C. M. Vivrett, deceased, will please present same to the undersigned at his office, 614 Amicable building, Waco, Texas, at once.

Today the people of Waco in the primary election will nominate those who are to be the candidates for city officers in the general election in April. I am a candidate for re-election as police and fire commissioner of the city, my first term in this position being very near to a close.

In submitting my name for a second term I urge you to recall the performances of a municipal government during the two years that I have been in office and judge me by the accomplishments and failures as they appear upon the record, claiming no superior judgment for myself but asking a careful consideration of my efforts in behalf of Waco. For thirty years I have been a resident here, whatever I have done in a business way to establish myself as a merchant and taxpayer is a written record of the commercial advancement of this city.

That I have substantial interests as a business man is well known. I served this city as an alderman twenty years ago and upon the record I made me one of the city commissioners. At the time I went into office there was turmoil and strife in city affairs, the whys and wherefores thereof being of little necessity of repetition here.

At that time I pledged my efforts to effect harmony in the city government, and that I did assist in bringing this about is well known, both to those inside the administration and those out.

I pledged the city my best efforts for economy in all things, and the records at the city hall will show that this has been accomplished. There is system in buying and in keeping so that the assets are not wasted, nor is the cost exorbitant at time of purchase. I have favored permanent

## BURNED HOUSE WAS LANDMARK OF WACO

BUILT IN 1857 BY THOMAS BARRON FIRST COUNTY DISTRICT CLERK.

The old frame house standing in Seventh street at Jefferson, which burned Sunday morning, was a real landmark, as shown by data furnished last night by R. S. Vaughan and Robert Ross. It was built in 1857 by Thomas H. Barron, first district clerk of McLennan county, the frame being cedar logs. Barron's Branch was named for Thomas Barron. Barron owned 320 acres of land, now known as the John Morrow survey, the southern boundary of which was Jefferson street, west line was Fifteenth street; north boundary, West avenue; east boundary the Brazos river. This property is now worth hundreds of thousands of dollars. Barron died in the early '70s or has descendants here. The property is now owned by Prof. R. H. Hill.

## Bishop Kinsolving Stops in Waco for Visit Monday

Returning from Tyler to Austin in connection with the proposed Episcopal clergy endowment fund which is being raised in the United States, Bishop George H. Kinsolving stopped in Waco yesterday morning. Bishop Kinsolving visited Rectory W. P. Wittell of St. Paul's Episcopal church, leaving at noon for Austin. The clergy fund to be increased until it is large enough to afford a large amount in the way of interest on the endowment annually of interest on the benefit of the superannuated and disabled ministers of the denomination. St. Paul's Episcopal church of Waco already has contributed its allotment to the fund.

## Six More Would Serve in United States Army

Six men were enlisted yesterday in the United States army and sent to their respective stations, according to Sergeant W. B. Wisener, local recruiting man. Five of the lot joined in the infantry, the other enlisting in the cavalry.

This makes nine men recruited here since February 1.

## Ben C. Richards to the Voters of the City of Waco

Improvements in all matters that affect the streets, alleys, the fire and police departments and the expenditure for such activities show to the benefit of the purchasing system.

Believing that the people are entitled to know where every public official stands on questions, I have voted my convictions on every question and that vote has been recorded, even when it was a single yes or nay cast on the motion pending at no time have I tried to straddle. In letting bids I have considered the cheapest for the city, consistent with the best work that was offered.

In purchasing fire hose I have established a system that has saved the city money because it has resulted in getting much that failed to come up to the sample. Public business affects the many, and the entire people must be considered. As a commissioner I have a trusteeship for all the people.

I cannot buy and sell, as does the individual, nor can I give favors or extend courtesies as is the right of a private business concern. In this trusteeship all must be treated right, and in realizing this I realize that this city of forty thousand people ought to have unbiased, careful business methods applied to its affairs. I have the time to devote to the work of the city. While I have substantial business interests of my own, my private affairs are in such shape that I need not neglect the city's work. I give the city a full day's service every day in the week, and I ask that in going to the polls Tuesday, February 13, that you give me consideration on my record, my performance and my promises for the future along the same lines as heretofore.

Respectfully,  
BEN C. RICHARDS,

## To the Voters of Waco

If my getting elected to any position in the gift of the people depended on my ability as a "glad-hander," I'd make a dismal failure of it, I fear.

In asking the people of Waco to elect me to the position of City Health Commissioner, I have tried to meet as many of the voters as possible, but thought it time enough to give my close attention to other things than my business in case I am elected and, in such case, I promise the people that their health will be looked after vigorously, capably and according to modern sanitary methods.

WIN or LOSE, here's to your health and to the city health.
